Three-legged race on carnival day!

Overnight camp at Manning Park!

Discover Your Value!

This year at Shining Stars Camp Can-Do we focused on building values of community, kindness, and love through each of the day's activities. Each camper had the opportunity to grow in these areas and demonstrated what they learned by being helpful and caring for one another.

CAMP FAVOURITE RECIPES

SUSHI

FIRST NATIONS BANNOCK

Our weekly country focus allowed the campers to learn about different countries and new foods in the best way possible – by making that country's recipes and eating what they made!

WHAT WAS YOUR FAVOURITE PART OF CAMP?

We asked the kids what they enjoyed most at camp this summer!

My favourite part of camp was listening to Steven's stories.—Julia

I enjoy coming to camp because I meet others and also joke around with them. Another thing I like is going on field trips that help you learn about others. The last thing is helping others is something that I do without thinking of.—Ricky

All of the field trips! - Thao

Swimming! - Nathan

Making all the food! - Clive

Going to Play-land and going on the wooden kid roller coaster.—Simon

Singing and doing the actions during worship with Natasha and Kayna! - Cassie

All of the homework! - Joanna

The whole time! Everything! - Emerito

Making pizza and eating it! - Fiona

We asked some of the leaders too!

My favourite part of my time as a camp leader was the time I had camping at Manning Park. The time spent bonding with other camp leaders, campers, and God has been an unforgettable experience that has really encouraged me spiritually and professionally in my goal for becoming a certified teacher. Thank you! - Stephen

My favourite part of the camp was connecting with the leaders and the children, through worship, Bible and academic lessons, and out-trips to explore God's beautiful creation! These privileged opportunities allowed me to share God's love with them. May God bless you richly to bless others too! -- Wen

My favourite part about camp was making connections with the children and leaders. It was really fun to be able to go to lots of places and do different activities and I have very fond memories of Manning Park star gazing.—Myron

My most favourite moment of camp was participating in outdoor activities like canoeing and hiking with the kids. I got to see and feel the natural world that surrounded me.—Francis

I loved just hanging out with the kids and creating some awesome friendships with them! - Taylor

One of the highlights of camp for me was the field trip to Whytecliff Park. It was a lot of fun enjoying God's creation with the kids. I'm going to miss the kids very much.—Edwina
